EI seminar led by foreign trainers offers MBA students a unique learning experience that enhances their insights from experts with diverse perspectives, students are better prepared to navigate the complex emotional landscape of the modern workplace and to excel as future managers and leaders.

- **Cultural Insight:** International trainers offer diverse perspectives on emotional intelligence for working with global teams.
- **Leadership Skills:** Students build self-awareness and empathy, key traits for effective leadership.
- **New EI Techniques:** Unique methods like mindfulness and conflict resolution expand students' emotional management skills.
- **Stress Control:** Students learn strategies to manage stress and stay focused under pressure.
- **Improved Job Performance:** EI enhances collaboration, communication, and decision-making skills.
- **Better Employability:** Emotional intelligence helps students stand out to employers as well-rounded candidates.
- **Holistic Growth:** Workshops equip students to manage emotions and excel as future leaders.
